1 & 15, Hesaraghatta Main Road, Near 8th Mile, Bengaluru - 560 073.

ASCENT Means : "All Students Care by Educationist with Natural Teaching"

From the Founders Desk

Prof. VENKATESH. B.M MSc, BEd
MSc. in Bio Chemistry
Founder Secretary & Principal

It gives me a great pleasure to share a few words about our "Ascent PU College" which is located near the 8th mile, off Hesarghatta main road. The overwhelming encouragement of the parents has been our strength, their appreciation is our inspiration, their regards is our reward. The rising popularity of our college is yet another index of the sea change that is being witnessed these days about the Ascent PU college. The very word "Ascent" implies a climber walk to the highest point of Achievement. Hence, it is appropriate to say that one who studies in our college will definitely reach the expected destination.

This institution has been set up with a dynamic vision to impart quality education, So that the students attain the objective of "Learn with purpose and live with purpose."

Smt. SHWETA VENKATESH MSc, BEd
MSc. in Physical Chemistry
Managing Trustee

I am proud to say that our college has an excellent state of infrastructure, spacious laboratories, well equipped & well ventilated lecture halls. Each lecture hall is provided with green board with LCD projects. All the lecture halls are monitored through CC TV live surveillance. The college has well stacked library and information centre. We have well furnished auditorium. Many students have been successful in getting free seats for the professional courses like MBBS, BE, BSc Ag, Veterinary science etc...
